

DON'T burn candles close to materials that can catch fire.

DON'T leave a burning candle unattended.

Holiday Safety

Every year during the holiday season, fires injure thousands of people in the U.S. and Canada and cause millions of dollars in damage.

- DO** use well ventilated candle holders that are sturdy and will not tip over.
- DO** keep burning candles away from materials that can catch fire.
- DO** keep burning candles away from the reach of children and pets.
- DO** extinguish all candles before you go to sleep.

DON'T leave burning candles within the reach of children or pets.

AN IBEW SAFETY REMINDER

DON'T fall asleep or leave the house with candles burning.
